

AquaticFitnessSystems®

FLY, TRY AND BUY!

When you call our factory direct partner, **Aquatic Fitness Concepts**, at 888-598-8922, the company will help you determine if there is a retail AFS dealer in your local area. If there isn't one, this offer applies to you!

Whenever a potential customer is unable to personally view and test the amazing AFS swim spa and underwater gym, our "Fly, Try and Buy" program is offered. It's an economical solution and it's fun!

Fly:

Aquatic Fitness Systems (AFS) are manufactured by **Dimension One Spas** in Vista, California (just north of downtown San Diego). From the San Diego Airport, travel time is about 45 minutes to Dimension One. **Aquatic Fitness Concepts** will assist you with all of your travel arrangements.

Try:

You will be able to see how and where the AFS is made, speak directly with personnel, and test the product yourself! Aquatic Fitness Concepts will ensure that all of your questions are answered and that you understand the entire process from the time you order until you are enjoying your very own Aquatic Fitness System!

Buy:

If you purchase an AFS within 60 days, Aquatic Fitness Concepts will deduct up to **\$1,000** of your travel expenses from the price of the AFS.

But you can't come all this way to San Diego and not enjoy yourself! So, if you can stay for a couple of days, Aquatic Fitness Concepts will also provide you with your choice of two free passes to one of these legendary San Diego locations:

- **The San Diego Zoo**
- **The Wild Animal Park**
- **Sea World**
